

UNDERSTANDING CIGNA BEHAVIORAL HEALTH VIRTUAL COUNSELING.

We make it easy.

Have questions about accessing virtual counseling through Cigna's network of providers* or your employee assistance program (EAP)?** Start here. Should you have any additional questions, feel free to call the number on your Cigna ID card, anytime.

Q. What kind of device can I use?

A. Use your smartphone, tablet or computer with camera for virtual counseling.

Q. Will the provider need to see me in person first?

A. You can schedule virtual counseling appointments based on your provider's availability. Depending on your reason for treatment, your provider might require that you have been seen face-to-face first.

Q. How much will it cost?

A. Access this care as part of your behavioral health benefits under your employer's health plan – and/or employee assistance program. Your out-of-pocket cost is the same as a behavioral health outpatient office visit. There's no cost to you for EAP services, for the same number of covered EAP sessions.**

Q. Does this include telephone sessions?

A. Virtual counseling is video-based and does not require a prior authorization because it's seen as a substitute for face-to face therapy. However, if phone sessions are needed, a prior authorization is required.

See your EAP materials or plan documents for a complete list of covered behavioral health services.
